

CHILD SAFE ENVIRONMENT POLICY

The United Nations Convention on the Rights of the Child (UNCRC) outline that children and young people have a right to be safe and cared for, no matter where they are or who they are with. Children have the right to be protected from violence, abuse or neglect. When working with children and young people, it is important to understand children’s rights and needs.

We are advocates for children and have a strong commitment to child safety and establishing and maintaining a child safe environment. Children’s safety and wellbeing are paramount at our Service. Our Out of School Hours Care Service embeds the National Principles for Child Safe Organisations and promotes a culture of safety and wellbeing to minimise the risk of child abuse or harm to children whilst promoting children’s sense of security and belonging.

[Primary policies- Probation Induction and Orientation Policy; Recruitment]

WORKING WITH CHILDREN CHECK – POLICE CHECKS

Working in conjunction with the Child Protection Act and National Regulations, the safety, welfare and wellbeing of children is paramount within our Out of School Hours Service and community. A Working

with Children Check (WWCC) is a requirement for people who work in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct.

Management is responsible for the periodic review and maintenance of up to date records of employees' Working with Children Check, including the Working with Children Check number and the date on which each clearance expires. Once an employee provides their WWCC clearance, management will verify the clearance to ensure that it is valid and current. The WWCC will be placed in the individual's file and continue to be updated as required.

[Primary policy - Child Protection, Recruitment, Staffing Arrangements]

CHILD PROTECTION – REPORTABLE CONDUCT SCHEME (National Principle 6)

Children and young people always have a right to be safe and protected. To comply with legislation and ensure a child safe environment, educators are provided with training and ongoing supervision to ensure they understand that *child safety is everyone's responsibility*.

Nominated Supervisors, Responsible persons, Coordinators, educators and other staff are mandatory reporters and must make reports if they suspect on reasonable grounds, a child is at risk of significant harm. All staff are provided with up-to-date training about child protection law and their obligations under this law and to ensure they are confident in following the reporting guidelines within Queensland and adhere to our *Child Protection Policy*.

Through continual education and training, educators and staff are equipped with the knowledge, skills and awareness to keep children safe. Training gives educators and staff confidence to identify, respond and report child abuse.

Coordinators or responsible persons in day-to-day charge must complete a course in child protection approved by the Regulatory Authority on an annual basis. All staff must refresh their knowledge about mandatory reporting each year.

[Primary policy – Child Protection]

Child protection- Allegations Against Employees

To protect children and ensure their safety, welfare and wellbeing, management is responsive to report allegations or convictions of child abuse and child related misconduct by any staff member or volunteer or contractor to the Office of the Children's Guardian (OCG) as part of the *Reportable Conduct Scheme*.

Our OSHC Service will ensure an appropriate level of confidentiality of information relating to the reportable allegations as per the Children's Guardian Act 2019. We take our legislative responsibilities as part of the Reportable Conduct Scheme seriously and will respond to any reportable allegation or conviction against employees or volunteers that may arise.

REPORTING AND RESPONDING TO GENERAL COMPLAINTS (National Principle 6)

Feedback from children, families, educators, staff and the wider community is fundamental in creating an evolving Childcare Service working towards the highest standard of care and education. We aim to

investigate all complaints and grievances with a high standard of equity and fairness. Our Service believes in procedural fairness and natural justice that govern the strategies and practices, which include:

- The right to be heard fairly
- The right to an unbiased decision made by an objective decision maker
- The right to have the decision based on relevant evidence.

[Primary policy – Dealing with Complaints]

PHYSICAL ENVIRONMENT – SUPERVISION AND SAFETY CHECKLISTS (National Principles 5 and 6)

Children's safety is embedded in our day-to-day practices. We ensure effective and adequate supervision is provided to children at all times. Educators will employ 'active supervision' strategies within the service environment and when participating in excursions or transporting children. Consideration will be made for the different ages and abilities of children and the activities that may require different levels of supervision.

To ensure compliance with regulations, we will only include educators in the educator to child ratio who are working directly with the children and ensure a current roster and a sign on/sign off record are available to verify this. Staff rosters and routines ensure adequate supervision of children is always provided.

Through conducting risk assessments, we assess and manage risks in the physical environment collaborating with children to develop behaviour guidelines for play including adventurous play to ensure their safety. Educators have a sound understanding of their duty of care and responsibilities in ensuring a child safe environment.

Educators conduct regular safety checks to maintain basic standards of safety within our OSHC Service venues. We believe that child safety is a shared responsibility at all levels within our OSHC Service. Children and young people are encouraged to speak up about their safety and the safety of their friends by telling an educator if they feel unsafe in a particular situation or environment.

Educators will complete the following daily checklists to assist and record inspections of the physical environment where foreseeable risks may be evident and cause harm or injury to a child:

- Outdoor safety checklist;
- Indoor safety checklist;
- And any other applicable checks as required.

Any findings that require attention will be either dealt with immediately or submitted into the maintenance book depending on priority. The Approved Provider/ Nominated Supervisors and Principals of primary schools must be notified of any areas that need immediate attention within the Service venue.

[Primary policies – Code of Conduct, Supervision, Health and Safety, Staffing Arrangement, Supervision]

RISK ASSESSMENT and RISK ASSESSMENT TOOL (National Principle 8)

It is a legislative requirement that all services implement a risk management system where they identify and manage hazards and risks within the workplace to ensure a child safe environment. Strategies are in place to make sure child safety (through the National Principles for Child Safe Organisations) and

Education and Care National Regulations are embedded across our Service. The key principles of risk management include:

1. Identifying all hazards or potential hazards in the service/residence/venue
2. Assess the risk of harm or potential harm for each hazard
3. Control or manage the risk – Risk Rating Matrix
4. Monitor and improve safety – Risk Assessment Action Plan
5. Evaluate and Review.

It is the responsibility of Coordinators or Responsible persons in day-to-day charge to complete a risk assessment where children's safety may be jeopardised and when organising an excursion/incursion.

Children's safety must be incorporated into everyday practice within the OSHC Service.

Common hazards which may require a risk assessment include:

- cross-infection and infectious disease
- administration of medication
- anaphylaxis procedures and management
- building and equipment (including storage)
- inadequate space for conducting activities and experiences
- hazardous chemicals
- electrical appliances
- food preparation and storage
- environmental influences such as shade, noise etc
- sun safety
- children's behaviours
- water safety
- fire equipment
- pets and/or animals
- inadequate supervision of children
- children's activities and experiences
- Work Health and Safety such as manual handling
- non-compliance risk
- hot drinks
- transportation of children (regular outing and regular transportation)
- excursions.

To maintain a child safe environment, we adhere to our OSHC Service policies and procedures and conduct all relevant checklists and audits when required.

EMERGENCY AND EVACUATION PROCEDURES

Management will ensure that copies of the emergency and evacuation floor plan is displayed in prominent positions near each exit of the service premises, including indoor and outdoor learning areas.

All staff are familiar with emergency evacuation procedures and regulatory requirements.

Rehearsals for emergency and evacuation procedures, including lock downs, are conducted at least once every 3 months. Records will be kept for all rehearsals.

[Primary policy- Emergency Evacuation Policy]

ARRIVAL AND DEPARTURE AUTHORISATION

Our OSHC Service prioritises children's safety at all times. We will only release children to an authorised person as named on the child's enrolment form. We request families provide current court orders, and parenting plans to ensure our records are up to date.

National Regulations require our OSHC Service to keep a record of children and visitor's arrival and departures, with the signatures of the person responsible for verifying the accuracy of the record and the identity of the person collecting the child.

Educators will work in collaboration with our *Delivery of children to and Collection from Education and Care Premises Policy* and *Student and Visitors Policy* to ensure children feel safe and secure at all times.

To ensure children's safety, educators have a clear understanding of their legal obligation to check identification when a person is collecting a child from their residence or venue. To maintain compliance, parents and educators will complete an [alternate collection form] if they authorise a person who is not on their emergency contact form to pick up their child.

[Primary policies - Delivery of children to and Collection from Education and Care Premises Student and Visitors]

ONLINE SAFETY (National Principle 8)

Our OSHC Service is committed to create and maintain a safe online environment with support and collaboration with staff, families and community. Management ensures anti-virus and internet security systems are installed to block access to unsuitable web sites, newsgroups and chat rooms.

Our OSHC Service ensures backups of important and confidential data is made regularly and either stored securely offline, or online. Software and devices are updated regularly to avoid any breach of confidential information.

Written authorisation is requested as part of the enrolment process for children to use computers/tablets; have their photo taken and published as part of promotional marketing or on the app program used by the service. The identity of a child is not published on any platform.

Personal mobile phones are not used to take photos or video of children at the Service.

Only educational software programs and apps that have appropriate content and have been examined prior to allowing their use are used in the Service. Children are always supervised using any technology.

[Primary policies – Cyber Safety; Technology; Privacy and Confidentiality, Code of Conduct]

STORAGE OF HAZARDOUS SUBSTANCES

We reduce the risk of harm to children and educators by using eco-friendly products. Our OSHC Service will endeavour to provide a safe environment where necessary chemical and hazardous equipment are safely stored away from children and handled appropriately.

Out of School Hours Care educators will keep a register of hazardous chemicals used within the service, including Safety Data Sheets (SDS).

To maintain a safe environment for children, the following audits and checklists are conducted:

- Safe Storage of Hazardous Chemicals Audit;
- Medication Storage Audit;
- WHS Audit; and
- Poison Safety Audit.

[Primary policies – Safe Storage of Hazardous Chemicals, Administration of Medication]

EQUIPMENT, FURNITURE & MAINTENANCE RECORD

There are several factors that can contribute to a hazard, such as a deprived program, insufficient supervision and dilapidated equipment. To ensure a child safe environment free from hazards, we have implemented practices and continue to monitor Service policies and procedures that uphold Australian Safety Standards.

The venue of our OSHC Service, and all equipment and furniture used within the service are audited to ensure all aspects are safe, clean and in good repair. We understand that hazards are specific to developmental stages of children. Educators are aware that toys and equipment need to be checked to ensure they are safe and developmentally appropriate for school aged children from Kindergarten to Year 6. Regular checks occur within the OSHC Service to ensure that all toys, furniture and equipment are in good condition and working order.

[Primary policy – Furniture and Equipment Safety Policy]

CONTINUOUS REVIEW (National Principle 9)

To ensure we maintain a culture of continuous improvement, we will ensure our child safe practices are regularly reviewed, evaluated and improved. We aim to ensure all educators, staff and volunteers understand and effectively implement our policies and procedures to provide a child safe environment at our OSHC Service.

We will regularly review and monitor the effectiveness of our Child Safe policies and procedures and invite children, staff members, families and communities to contribute to their development.

Any updates or revisions will be communicated to all stakeholders. Our *Child Safe Environment Policy* will be reviewed on an annual basis.
